

## A Tree for All Seasons

23<sup>rd</sup> June 2021

### A musical multisensory activity story about a year in the life of a tree and the creatures that call it home

This is an online resource video for creating a multisensory day at school or at home.  
The activities are designed for pupils with PMLD/CMLN and  
those with learning difficulties and ASC.

**The YAMSEN team** of musicians and artists have created an interactive video which will enable you to create your own multisensory music day in school or at home. It includes songs and activities suitable for children with additional needs. We will send out a power point in advance with suggested art activities and also a list of props which you could use alongside the video. These will be things we hope you will already have to hand.

**Cost:**

- £10 per school for YAMSEN member schools
- £20 for non-member schools

Please see next page for application details  
Please apply by 14<sup>th</sup> June

See [www.yamsen.org.uk](http://www.yamsen.org.uk) for more info

Please share pictures of  
your day on twitter,  
where you can, using
